Libraries Catalog

We offer over 60 *ready-to-deliver pre-plated compound libraries* in a variety of custom formats. Our well-equipped liquid handling department will make a library copy in any convenient for you project format.

Diversity Libraries

Product name	Size	Description	Download file
Hit Locator Library HLL-460	460 160 compounds	The largest diversity library with high MedChem tractability	
Discovery Diversity Set DDS-50	50 240 compounds	Top-quality diverse library of recently synthesized compounds	

举例:

Enamine ID: CYS-3200

Name: Cysteine focused covalent fragments

1. 输入需要搜索的Enamine ID, 点击放大镜按钮

The screenshot shows the Enamine website search interface. The search bar contains 'CYS-3200' and a search button. The results section shows 'Total: 3 results found.' and a 'Display #' dropdown set to '20'. Three search results are listed, each with a title and a brief description. The first result is 'Cysteine focused Covalent Fragments', which is highlighted with a red box and a red arrow pointing to it. The second result is 'Cysteine focused covalent fragments CYS-3200 Size 3 200 compounds Description Library ...'. The third result is 'Cysteine focused covalent fragments CYS-3200 Size 3 200 fragments ...'. The Enamine logo and navigation menu are visible at the top.

2. 显示有3个含此ID的搜索结果，点击需要的准确产品名称，即进入该产品的详情页

The image shows two overlapping screenshots of the Enamine website. The top screenshot displays a table with the following data:

Library Code	Number of Compounds	Format	Request a quote
CYS-3200	3 200	Custom	Any custom format

The bottom screenshot shows the 'Download SD file' section for the 'CYS focused Library'. The text in this section is:

CYS focused Library

Library code: CYS-3200
Version: 12 October 2021
3 200 compounds

A red box highlights the 'Download SD file' section in the bottom screenshot, with a red arrow pointing to the download icon. Another red arrow points from the download icon in the top screenshot to a download progress bar in the browser's download manager. The progress bar shows the file name 'Enamine_Cysteine_focused_Covalent_Fragments_pl...', a download speed of 6.4 KB/s, and a progress of 176 KB/506 KB, with 51 seconds remaining.

3. 详情页的中间部分会有“Download SD file” 版块， 点击下载符号即可开始下载SDF文件
